Question: Do I have to be a member of RUSH to compete?

Answer: No. Any *eligible* racer (see eligibility rules in the Technical Rules) is permitted to compete in a RUSH-sanctioned event providing their car meets all of the specifications found within the RUSH rulebook. You must only be a member if you wish to be eligible for point fund(s) and/or any other membership benefits. The \$125 membership also includes a \$100,000 excess medical benefit policy, which is in excess to driver's personal health insurance and track's participant accident policy. ENGINE/TIRES/WHEELS/SHOCKS/FUEL:

Question: Where do I purchase a Chevrolet Performance 602 engine?

Answer: Contact any of our RUSH Authorized Repair Facilities or our office at 724-964-9300 for assistance.

Question: Does my "602 crate" need a RUSH seal before competing?

Answer: No. A RUSH seal will only be installed after an *approved* repair has been made. The original *UNALTERED* GM sealing bolts are legal, unless a repair has been made.

Question: What does a competitor have to do to maintain a legal engine in the RUSH Sportsman Modified division?

Answer: There are several answers to that question. If you have a motor that is not new then the motor needs to have to appropriate RUSH seals. Only a RUSH-authorized repair outlet can conduct the sealing process. The authorized repair/rebuild facilities are listed on our website under the Engines/Tires link.

Question: Do I need to take my motor somewhere to have it sealed?

Answer: Motor needing repaired may only be taken to a RUSH-authorized repair outlet to be sealed.

Question: I think I'm having a problem with my Chevrolet Performance crate engine. What do I do first?

Answer: Read Engine Section 1.1F in the rulebook. Contact a RUSH-authorized repair/rebuilt outlet of your choice to discuss your motor's problem.

DO NOT REMOVE ANY OF THE GM SEALING BOLTS OR RUSH SEAL TAGS.

Question: If I have a rebuild or repair made, what do I have to show to speedway officials that my motor has been RUSH-approved?

Answer: The RUSH seal will suffice, as detailed records of the engine repairs are maintained by both the RUSH Office and the RUSH authorized repair/rebuild outlet. Details include repairs that were made, seal serial numbers & locations, engine serial numbers, and date of manufacturer.

Question: If my motor has been officially sealed with RUSH seals, does this mean I'm exempt from any technical inspections at the track I race at?

Answer: No. You will be subjected to the same technical procedures as all of the other competitors.

IMPORTANT TO NOTE: ANY VIOLATIONS FOUND CONCERNING ANY TAMPERING WITH THE STOCK GM SEALING BOLTS, OR APPROVED RUSH SEALS, IS SUBJECT TO IMMEDIATE PENALTY, FINE AND/OR UP TO ONE (CALENDAR) YEAR SUSPENSION FROM ANY RUSH-SANCTIONED EVENT OR TRACK. MULTIPLE INFRACTIONS MAY RESULT IN AN INDEFINATE SUSPENSION AS A DRIVER, YOU ARE RESPONSIBLE FOR YOUR EQUIPMENT. THE DRIVER & OWNER WILL BE SUSPENDED. BE SURE TO KNOW YOUR EQUIPMENT BEFORE YOU RACE IT.

Question: Where do I purchase the spec Hoosier Tires required and what is the cost?

Answer: The required Hoosier Tires will be available throughout the region at all Hoosier Tire Distributors. The list of distributors is posted on our website under the Engines/Tires link. Tires will be the same price for all racers with no special tire "deals" available.

Question: Why are you requiring steel wheels?

Answer: Steel wheels are considerably less than aluminum wheels (approximately \$100 per wheel less).

Question: Where do I purchase the Bilstein "sealed" shock absorber that is required and what is the cost?

Answer: The shocks are available at Precise Racing Products (Sarver, PA) in addition to other suppliers such as Wedge Motorsports (Warren, OH).

Question: Can I run any fuel in my car?

Answer: NO. Only RUSH 91 pump gas is legal for competition. Additives and/or blending of any type including; methanol, alcohol, nitrous oxide, propylene oxide, nitromethane or other performance enhancing chemical additives will not be permitted. Fuel may be tested from time-to-time and/or submitted for verification by designated RUSH Racing Series and/or Track Officials to Sunoco Race Fuels. **It is the racer's responsibility to know what he or she is putting in the fuel cell.**
